## New Features

### Registration transfer limitation

When you transfer a registration (in **PEOPLE** tab > an athlete > **Actions** > **Transfer** > **Transfer to**), if the registration belongs to an order which has multiple registrations and is on an active billing schedule, then the registration cannot be transferred to another registration on a billing schedule:

The screenshot shows the 'People Record' page for Jane Doe. The 'Registrations' section contains a table with one entry: 'Swimming Lesson 2021' with program dates '8/1/2021 to 12/31/2021' and a billing method of 'Pay in Full'. The 'Transfer' action is highlighted with a red box. Below the table, a modal dialog titled 'Error' is displayed, stating: 'Sorry, we are unable to transfer a registration in an order on a billing schedule to another registration on billing schedule.' The modal has a 'Close' button. In the background, there are buttons for 'Add miscellaneous fee' and 'Add registration', and a 'Transfer' button in the actions column of the registrations table.
